

**CAUTION:**

U. S. Federal Law prohibits dispensing without prescription.

DESCRIPTION:

A topical fluoride brush-on gel containing 1.1% neutral sodium fluoride and 5% potassium nitrate for use as a prevention of hypersensitivity and dental caries. This prescription product is not a dentifrice. For MSDS and Prescribing Information visit preventech.com.

INDICATIONS:

Aids in the prevention of hypersensitivity and caries in pediatric and adult patients. Ideal for use after whitening procedures as this product contains no color additives.

ACTIVE INGREDIENT:

Sodium Fluoride 1.1% (5000ppm Fluoride Ion), 5% Potassium Nitrate.

OTHER INGREDIENTS:

Purified Water, Xylitol, Hydroxyethyl Cellulose, Sucralose, and Flavor.

CONTRAINDICATIONS:

Hypersensitivity to fluoride. Do not use in pediatric patients under age 6 years unless recommended by a dentist or physician.

WARNINGS:

READ ALL INSTRUCTIONS AND PRESCRIBING INFORMATION BEFORE USING THIS PRODUCT. DO NOT SWALLOW. KEEP OUT OF REACH OF INFANTS AND CHILDREN

ADVERSE REACTIONS:

Allergic reactions and other idiosyncrasies have rarely been reported.

DOSAGE and ADMINISTRATION:

Adults and children 6 years of age and older should brush with DAYLI once at bedtime. Apply a thin band of gel to toothbrush. Brush for at least one minute, making sure all tooth surfaces are covered. After use, adults expectorate gel. Pediatric patients, age 6-16, expectorate gel after use and rinse mouth thoroughly. For best results, do not eat, drink or rinse for 30 minutes.

HOW SUPPLIED:

Net Wt. 2 oz (57g)

STORE AT ROOM TEMPERATURE 59-86° F (15-30° C).
