

# Foam Improvement.

## Foam Treatment

- More mess, difficult to dispense as it volumizes in tray
- More waste, won't dispense once propellant is lost
- Much more expensive than gel
- Poor flavor from propellant aftertaste

## PediaGel Treat

- Better control in a clean ribbon of gel
- No waste, dispenses every last drop
- Much less expensive than foam
- Fun flavors look and taste great

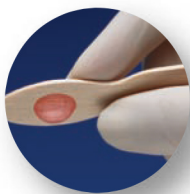

Why go with messy, costly, gacky foam, when PediaGel® topical fluoride gel makes fluoride fun! PediaGel is offered in two proven formulations – 1.23% APF and 2.0% NSF. Choose from six fab-tasting flavors in brilliant, appetizing colors that look less like a treatment and more like a treat! Plus, our way cool, easy-to-handle ergo-cap packaging makes one-handed tray delivery a snap. Give your patients a funtastic fluoride experience with PediaGel.
