

Your Guardian Angles.

Pivot: Everything you need in a disposable prophyl angle.

Pivot means great value, a reasonable price, and a broad line that allows you to pick the exact angles your team needs...without being second-guessed.

Four out of five Hygienists prefer* Pivot's cup, because it:

- gives you a more predictable polishing edge
- repeatedly splays easily without breaking down
- has a lower profile for improved posterior access
- is softer and more flexible, so you're not exhausted at the end of the day.

Call your favorite dealer and ask for your team's favorite Pivot angles: soft and firm non-latex cups, tapered brushes, and our new 15° Pivot Contra. With great selection and made-in-the-USA quality and performance, Pivot's the guardian angle your practice needs.
